## Workflow Setup Ideas

The purpose of the document is to provide a basic understanding of the main ONYX Thrive configurations and give ideas on how an ONYX Thrive workflow can be setup in a variety of way with each configuration to suit a production environment

Base Configurations of ONYX Thrive are the 211, 642, 862.

Key Message with any configuration:

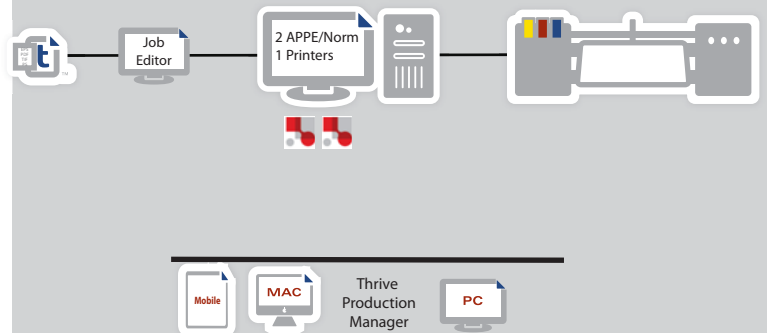

- \* You only need to buy ONYX Thrive once
- \* It is easy to add to your ONYX Thrive configuration as business grows (i.e. Grow a 211 into a 422)

Note: These are only ideas, other possibilities exist. For additional information ask you ONYX Reseller or Representative

	211	642	862
Adobe PDF Print Engine	2	6	8
Adobe Normalizer	2	6	8
Grand or Wide Active Printer	1	4	6
Job Editors	1	2	2
Thrive Production Manager	Unlimited	Unlimited	Unlimited
Layout Tool	1	1	1
